

READ THE WHOLE BIBLE

The following reading plan takes the reader through the entire New Testament, the Psalms, and the Proverbs every year – and the entire Old Testament every two years. Three psalms are provided for most weeks, on alternate days. Readings from the Proverbs are included between readings from the books of the New Testament.

The plan is divided by weeks, with readings for Monday through Saturday of each week. There are no readings specified for the Lord’s Day, in order to allow the reader to focus their daily meditation on the passage(s) considered during public worship.
